

PRESS RELEASE VT ELKS HOOP

With the novel coronavirus continuing to affect our communities, the health and safety of our program participants and dedicated volunteers is our top priority.

Therefore the 2020-2021 Hoop Shoot season will not happen. The unavailability of schools, the State of Vermont guidelines and the National Elks Hoop Shoot's guidelines, make it next to impossible to run the program.

We don't believe the contests can be safely or reasonably held, disruption is the new normal. We hope we can get back to the Elks Hoop Shoot next year and can continue to provide this great program for the kids.
